An important message from Technical Advanced Training's

Director, Mr Aydin Tat

Firstly, I would like to thank you for selecting Technical Advanced Training (T.A.T) as your preferred industry training provider. Our team would like to welcome you to our training centre where you will enjoy working in what we believe are the most exciting and rewarding industries in Australia.

Your attitude and behavior whilst training with T.A.T will be under constant observation from all staff, classmates, potential employers and Victoria Police. All reports will have a direct result on your final assessment.

Our goal is to prepare you for employment within the security industry. You will gain the underpinning knowledge and have a good understanding of both theory and practical requirements that are essential to work as a qualified security officer.

It is important that you treat your time at T.A.T as the same as being in the workplace. This will require you to be disciplined in the way you present yourself, your attitude to learning, and in the manner in which you relate to our staff.

We consider this to be so important that any breaches of behavior will not be tolerated; any incident involving the above will be fully investigated. A serious breach may lead to your dismissal from the course and a detailed report being forwarded directly to Victoria Police (Licensing and Regulation Division).

Once again, welcome to T.A.T. If we can be of any further assistance please contact our training centre on (03) 9309 0059 or email to info@advancetraining.com.au.

Kindest Regards

Aydin Tat

Student Support Services

We offer a range of student services to ensure your experience at Technical Advanced Training is both rewarding and successful, and we encourage you to benefit from such services if needed.

Child Care

Technical Advanced Training's (T.A.T) training facilities are in several northern suburbs of Melbourne. Our training centres are located near childcare centres. You will need to make arrangements with the Childcare Centre closest and/or most convenient for you to drop-off and pick-up your children.

Career Advice

Career Liaison officers at Technical Advanced Training will work with you and support you to secure an interview with an employer. You can make an appointment with our Career Liaison Officers when you have obtained your Security License. T.A.T is in a unique position of being aligned with several Australia-wide employers offering security services. You can also ask your trainer about your career. Just make an appointment with one of our friendly consultants.

Financial assistance

Many students require budgeting support while studying. If you're having financial challenges, or just want to manage your money better, you can talk to a student administration officer and arrange for a payment plan over the duration of your course. They will guide you and provide you with advice, support and options.

Health services

Medical clinics are located near our training facilities. These centres provide a wide range of health care including vaccinations, mental health, referrals, minor surgery, skin checks and pathology. Dental and counselling services are also available.

Social Justice

Technical Advanced Training is committed to addressing fairness and social equity to improve the student's learning experience and fostering inclusivity.

Technical Advanced Training believes that all staff and clients have the right to study and work in a positive environment which values diversity and protects all members of the community from any form of discrimination or harassment.

All learners are enrolled in training programs consistent with the requirements of the training program guidelines and wherever possible, the principles of reasonable adjustment are implemented.

We provide support and resources for students with disability, different cultural backgrounds and offering a safe space for students and staff who identify as lesbian, gay, bisexual, transgender, intersex, queer (LGBTIQ).

Spirituality

Technical Advanced Training encourages the spiritual care to all students and staff of all faiths or none. Our centre has a Prayer Room for students and staff. If you wish to speak to a staff member or practice your faith, please advise your trainer.

Trainer Support

Trainers make themselves available to students before class, during breaks and after class to review learning material with students. Trainers also provide their mobile numbers for students to contact them for appointments and/or notify them of their absence.

Study skills

All Technical Advanced Training students have access to online resources to assist students with research. Public libraries are located close to venues and are available to improve research and learning skills.

Technology services

Technical Advanced Training website is an easy access website for information on training programs, services, policies and procedures. If you experience any trouble, contact our service desk for the first point of contact info@advancetraining.com.au.

The centre has a computer lab for students doing their Certificate III and/or Certificate IV that requires them to conduct research for a project or make a presentation.

Indigenous students

We support culturally sensitive assistance to Indigenous students and have aligned with employers to support them with their Indigenous employment strategy.

Rural and regional students

We offer many services to assist students from a rural or regional background. These include list of nearby short-term accommodation, and student support.

Students with a disability

Technical Advanced Training supports access and equity for students who have a disability, and/or ongoing medical or mental health conditions. Our training rooms all have disability access.

Administration services

Technical Advanced Training provides help with all student forms, academic transcripts, student letters, complaints and training scheduling.

Student Assessment Support

If the participant has commenced the program and either requests additional support or the requirement for additional support is identified by the trainer/assessor, support will be provided through direct access to trainers and managers/supervisors.

Strategies that may be used to support learners include:

- Reasonable adjustment techniques.
- Additional one-on-one tutorials (this will incur additional cost to the enrolment fee).
- Assigning a mentor, in which each case will be considered on an individual basis depending on the type of support required (this will incur additional cost to the enrolment fee).

The RTO will make every effort to ensure that the participants have every reasonable opportunity to complete the program through recording of attendance and following up with any participants that might have missed a session and offering, as far as is practicable, an opportunity to make up for any missed sessions.

Course Aims and Objectives

The course will be designed to provide training for those wishing to gain employment in the security or public health and safety. It will assist students in undertaking routine duties and following established practices in the workplace in a professional and safe manner.

It will also develop skills in collecting, analysing and organising information, planning and organising activities and working with others.

Assessment Methods

Technical Advanced Training conducts various methods in the assessment process to gather information to build the evidence pack for the student. This gives the best opportunity for the student to show their understanding of the training conducted. The methods are as follows:

Multiple Choice: A question or incomplete statement followed by several options from which the participant selects the best answer or answers.

Written Short Answers: A written response item consisting of questions with answers of a single word, a few words, a sentence or a paragraph that the participant must complete.

Role Play: Participants are presented with the opportunity to display behavioural and interpersonal skills in a simulated exercise in the classroom environment. The role-plays are open ended and are reviewed in a group de-brief.

Assignments: An Assessment instrument that is based on a problem-solving exercise or mini project relating to the subjects covered in the classroom environment. The assignment has strict guidelines and a specific length. The assignment is reviewed by both the individual and as a group.

Group Discussions: Active participation in a group discussion regarding role specific topics is encouraged.

Oral Questioning: Responses are required for a number of oral questions presented in order for the participant to demonstrate understanding of the principles or explain reasoning behind the action taken.

Practical Demonstration: The completion of a specific task or procedure, performed under close supervision.

Conditions of Assessment: Assessments will take place without assistance and without access to the students' reference material. The assessment will take place in an environment that is either a real workplace or which simulates, where possible, a real workplace. Participants will be given appropriate documentation and access to required equipment and or materials.

Student Training Plan

Student Training Plan is a document that is required to be explained to the student in relation to what training modules will be conducted and how the recording of start and finish dates, methods of training and assessment will be implemented for each unit of competency. The student and trainer will be required to fill out their relevant information and sign the form on the day of enrolment or on the first day of course induction.

If you require a copy of your training plan please advise front reception for a copy.

Language, Literacy and Numeracy

All students enrolling into a nationally accredited course must sit for a language, literacy and numeracy assessment. If a student does not meet the desired level of language, literacy and numeracy, then the trainer will work with the student trying to achieve the level required. If the level required is not met, the student will be referred to an institution that deals with LLN training.

Students who have not enrolled into a course will have their Applications and Pre-Training review documents disposed in line with TAT's privacy policy.

Students returning from LLN training will need to sit the Pre-Training Review again.

Facilities & Equipment

The training facilities at Technical Advanced Training include Digital LCD projectors/Large Viewing Screens/Surround Sound. The training room has a large assortment of alarm/CCTV systems/variety of Security training aids/two-way radios and vests for all students to use and interact with. The facilities have disabled access and plenty of room for disabled students.

Technical Advanced Training is able to offer one-on-one training for students who require just that little more coaching. The facilities are able to be accessed day or night for students who wish to use any of the equipment on offer.

Before any training course gets underway, an Induction Program is conducted that covers course requirements, assessment methods and available learning resources.

Support Services

Technical Advanced Training is able to offer one-on-one training for those students who may have trouble attaining the knowledge and skills. All training staff is dedicated to helping the student achieve to a competent level. Technical Advanced Training is able to offer the full facilities of the training room and an instructor at any time of the day or night or weekends, if the student requires.

For more information about support services, refer to Table of Content - Student Support Services

Satisfaction Surveys

Surveys will be administered towards the end of a training period. The survey will take approximately 15 minutes to complete. The survey will focus on the extent to which you engage in activities that are likely to promote high quality skill outcomes. From this we can identify your perception of the quality of your competency development and the support you received from our organisation, Technical Advanced Training.

National Recognition

National Recognition is the recognition and acceptance by a Registered Training Organisation of Australian Qualifications Framework qualifications and Statements of Attainment issued by other Registered Training Organisations, enabling individuals to receive national recognition of their achievements. Technical Advanced Training will recognise a trainee's existing competence against the competencies listed in an endorsed qualification or accredited course and issue AQF Qualifications and Statements of Attainment.

Australian Quality Framework

Courses conducted by TAT which comply with the Australian Quality Framework standard, will show a course identifying prefix on all literature for example, CPP20218 Certificate II in Security Operations.

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is the acknowledgement of skills and knowledge previously attained through formal training, work experience and/or life experience. Students may be eligible for credit based on relevant prior learning and/or experience. Recognition of Prior Learning is available on application in programs offered by Technical Advanced Training.

There are two categories of Recognizing prior knowledge

1. Credit Transfer

Recognition of learning outcomes or competencies where the student has successfully completed exactly the same module or unit of competency in another approved educational institution or workplace.

2. Exemption

Recognition of skills and knowledge involved in a module or unit of competency attained through relevant work and/or life experiences. Such exemptions, partial or full, may be granted where appropriate and sufficient evidence is provided to demonstrate that learning outcomes or competencies have been previously attained, and have been retained, by the student.

How to apply for RPL

- Step 1 Obtain an *RPL Application Form*
- Step 2 Discuss your *RPL Application* with a Qualified Assessor or Training Manager
- Step 3 Submit your completed *RPL Application*
- Step 4 Ready to be interviewed and assessed in relation to the units or course covered

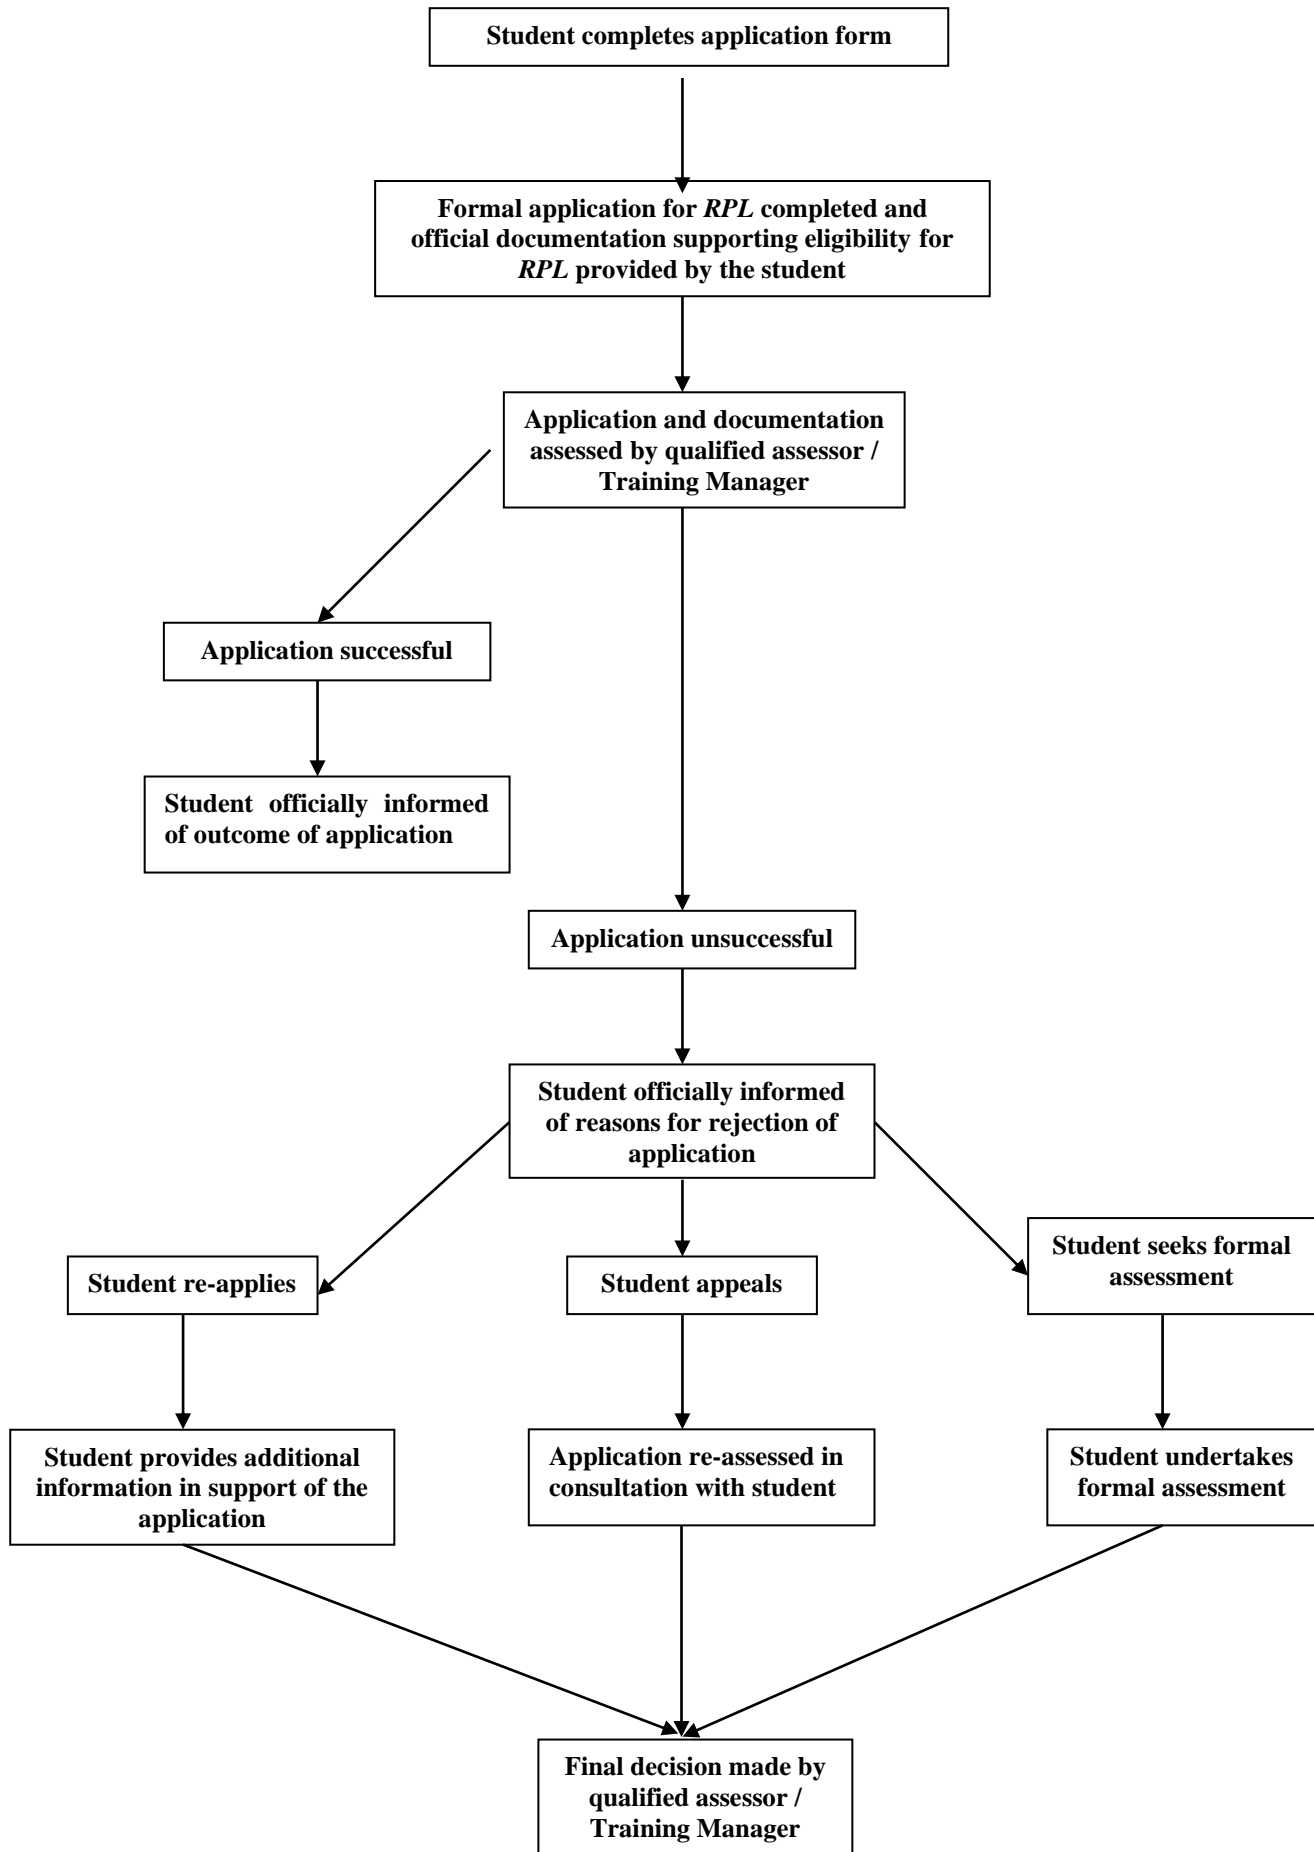

What are the possible outcomes of an RPL Application

- Application successful and credits/exemptions granted
- Application suspended pending student providing further information/evidence
- Application suspended pending student undertaking formal assessment for credits, exemptions applied
- Application rejected. The student may appeal and the application may be re-assessed. If required, a final decision will be made by the Qualified Assessor or Training Manager.

Costs for RPL Assessment

Recognition of Prior Learning Fees – Students that are interested in undertaking an RPL will be required to pay RPL assessment fees at the time of making an application to upgrade their training to the current qualifications listed on T.A.T's scope. Once payment has been received, applicants will be interviewed and/or sit for an individual assessment. Fees are only refundable prior to RPL assessment being commenced. This does not include application fee. Please refer to our schedule of RPL assessment fees in the Student Enrolment Form or Course brochures located on our website, www.advancetraining.com.au

It will encourage the parties to approach the complaint with an open mind and resolve problems through discussion and conciliation. Where a complaint cannot be resolved through discussion and conciliation, Technical Advanced Training acknowledges the need for an appropriate external and independent person to mediate between the parties

Complaints Policy

Purpose: This policy and procedure is to provide clear and practical guidelines to ensure that complaints of students can be resolved in accordance with the principles of natural justice, equitably and efficiently.

Scope: This complaints policy applies to all students enrolled with Technical Advanced Training.

Definitions:

Complaints and Appeals include but are not restricted to matters of concern to a student relating to training delivery and assessment; the quality of the training; student support and materials; discrimination; and sexual harassment.

Natural Justice is concerned with ensuring procedural fairness:

- ✚ Decisions and processes should be free from bias.
- ✚ All parties have the right to be heard.
- ✚ The respondent has a right to know of what he/she is accused
- ✚ All parties are told the decision and the reasons for the decision.

Policy:

Technical Advanced Training believes that a student who has a complaint has the right to raise the complaint and expect that every effort will be made to resolve it in accordance with this policy, without prejudice or fear of reprisal or victimisation. The student has the right to present the complaint / appeal formally as well as in writing.

Technical Advanced Training will manage all complaints fairly, equitably and efficiently as possible. It will encourage the parties to approach the complaint with an open mind and to resolve problems through discussion and conciliation. Where a complaint cannot be resolved through discussion and conciliation, Technical Advanced Training acknowledges the need for an appropriate external and independent person to mediate between the parties. The parties will be given the opportunity to formally present their case to the independent person.

Confidentiality should be maintained throughout the process of making and resolving complaints. Technical Advanced Training seeks to protect the rights and privacy of all involved and to facilitate the return to a comfortable and productive work environment.

All students and trainers will be provided with a copy of the Complaints Policy and Procedure in their information folders. The information will also contain details of external authorities that they may approach.

Access and Equity Policy

Purpose:

Technical Advanced Training is committed to providing all students with equal opportunity to pursue their training and development. This policy and procedure is to be used by Technical Advanced Training to integrate access and equity principles into all training and assessment activities it conducts or is conducted on its behalf.

Technical Advanced Training provides an opportunity for any person regardless of race, gender, or cultural background to attend and undertake the training courses. Persons with disabilities are also encouraged to attend and undertake the training as long as it does not place the student at risk of injury and the student believes they have the ability to obtain the skills required.

Scope:

This policy covers all Technical Advanced Training' policies and procedures and all training function activities.

Definitions:

Access and Equity principles include:

- Equity for all people through the fair and appropriate allocation of resources
- Equality of opportunity for all people without discrimination
- Access for all people to appropriate quality training and assessment services
- Increased opportunity for people to participate in training

Disadvantaged groups include the following groups who traditionally have been under-represented in Vocational Education and Training (VET):

- People with a disability
- Aboriginals and Torres Strait Islanders
- Women
- People from non-English speaking backgrounds
- People in rural and remote areas
- Long term unemployed

Discrimination can be direct, indirect or systemic.

- **Direct discrimination:** Direct discrimination is any action which specifically excludes a person or group of people from a benefit or opportunity, or significantly reduces their chances of obtaining it, because their status or personal characteristics, irrelevant to the situation (eg, sex, ethnic origin) are applied as a barrier. Direct discrimination has as a focus assumed differences between people.
- **Indirect discrimination:** Indirect discrimination is the outcome of rules, practices and decisions which treat people equally and therefore appear to be neutral; but which, in fact, perpetuate an initially unequal situation and therefore significantly reduce a person's chances of obtaining or retaining a benefit or opportunity. Rules, practices and decisions are applied to all groups alike, but it is the very assumption of a likeness that constitutes the discrimination.
- **Systemic discrimination:** A system of discrimination perpetuated by rules, practices and decisions which are realised in actions that are discriminatory and disadvantage a group of people because of their status or characteristics and serve to advantage others of different status or characteristics. Direct and indirect discrimination contribute to systemic discrimination.

Equity focuses on outcomes. Equity is not concerned with treating people in the same way, it is concerned with ensuring that all groups of people participate and benefit to the same level.

Legislation includes

- ✚ Commonwealth Racial Discrimination Act 1975
- ✚ Commonwealth Sex Discrimination Act 1984
- ✚ Commonwealth Disability Discrimination Act 1992
- ✚ Commonwealth Racial Hatred Act 1995
- ✚ Victorian Equal Opportunity Act 1995

Sexual harassment is defined by the Victorian Equal Opportunity Act 1995 and the Commonwealth Sexual Discrimination Act 1984 as when a person:

- ✚ Makes an unwelcome sexual advance or an unwelcome request for sexual favours;
- ✚ Engages in unwelcome conduct of a sexual nature, and a reasonable person would have anticipated that the person harassed would be offended, humiliated or intimidated.

Policy:

1. The aim of the policy is to remove barriers and to open up developmental opportunities for all students by creating a workplace and training environment that is free from discrimination, harassment, bigotry, prejudice, racism and offensive behaviour.
2. All students will receive fair and equitable treatment in all aspects of training and employment without regard to political affiliation, race, colour, religion, national origin, sex, marital status or physical disability.
3. A person with a disability may be excluded under this policy if the disability could cause occupational health and safety risks to the person and/or other students.
4. All trainers / assessors are responsible to observe and be advocates for the policy.
5. This policy will be widely disseminated in the Provision of First Aid Services and training and the Security Training Industry.
6. Technical Advanced Training' policies and procedures will be monitored and reviewed to ensure that they recognise and incorporate the rights of individuals.

Procedure:

1. The policy will be included in information provided to employers, trainers/assessors and students.
2. Technical Advanced Training's procedures relating to training and assessment activities will focus on objective criteria based on merit.
3. Any person with a complaint will be directed to use Technical Advanced Trainings' Complaints/Complaint Policy and Procedures.
4. Technical Advanced Training's Training Manager will be person responsible for the implementation and maintenance of the policy.

Accessing Records

1. Personal information should be accessed and used only for Technical Advanced Training purposes. It is inappropriate for an address or home telephone number or other information to be accessed and used by a staff member for private reasons. This is so even if the person to whom the information relates gives permission.
2. Personal information should be secured. Records containing personal information should be filed securely.
3. Appropriate arrangements are in place to ensure that access to computerized records is granted only to staff requiring such access in the course of their duties.
4. Students wanting to access records, Technical Advanced Training will provide student to complete an authorization form to access of confidential student records with a proof of ID.
